Square Thru Two

Timing

5

Starting formation

Facing Couples

Dance action

In the following Face Partner means a 90 degree turn to the current partner. Pull By means that the respective hand must be released quickly so that we are not pulled in the wrong direction.

There are as many of these actions to be performed as are necessary:

Pass to the right, that is Right Pull By and the Square Thru 1 is completed.

Face partner and pass to the left, that is Left Pull By and Square Thru 2 is ready.

After Square Thru 2, we have the opposite partner on our hand, and the partner is at our back.

Ending formation

Back-to-Back Couples

Styling

Dancers should have the other hand ready for the next pass (or call). During each pass, dancers should look at either one of the Head walls or one of the Side walls.
